this volume brings together a range of celebrated and less familiar translations of ovid s metamorphoses produced in english between 1480 and 1625

beginning with the story of narcissus from caxton s manuscript translation of the metamorphoses and ending with george sandys s version of callisto s tale the volume as a whole reflects the complex and shifting variety of ovid s early modern reception these poems some of them republished here for the first time help extend and enrich our understanding of ovid s influence on early modern literature all texts have been fully modernised and annotated rendering them accessible to students and general readers as well as scholars of the period

offers tips and strategies for building and developing a successful and profitable internet based business

this volume constitutes the proceedings of the 11th international conference on social informatics socinfo 2019 held in doha qatar in november 2019 the 17 full and 5 short papers presented in these proceedings were carefully reviewed and selected from 86 submissions the papers presented in this volume cover a broad range of topics ranging from the study of socio technical systems to computer science methods to analyze complex social processes as well as social concepts in the design of information systems

be joyful have fun be the happy person you were born to be understanding developing and nurturing the human capacities of knowing and loving are the keys to finding deep and long lasting human happiness who am i what am i why am i here is there a god what will really make me happy these are questions all of us ask ourselves from time to time our answers to or avoidance of those questions shape the practical and moral choices we make every day those choices in turn determine our level of happiness as human beings we are born to know and love with a grasp of this basic concept we can make choices and decisions which will enable us to live authentic good and happy lives in the short term and the long run it is never too early or too late in life to be deeply happy robert beezat is a successful businessman public official and community leader whose life is devoted to working for social justice peace and the common good he has been engaged for over 50 years with business social political and religious issues at the local national and international levels as a practical man and a man of faith he addresses the important questions which confront all of us regarding the critical decisions and choices we make as we try to build a good and happy life for ourselves our families and society at large he holds bachelor and master degrees and has been an adjunct faculty member at several colleges and universities he is currently a speaker at colleges and universities regarding social justice issues and the concept of the common good he has been married to a wonderful woman for 44 years they have two daughters and two grandchildren

when innovation is considered one of the key drivers of corporate success why do organisations struggle to implement it research suggests that innovations fail due to a lack of acceptance by employees therefore an understanding of potential adopters and the factors influencing their decisions is essential despite much research on adoption of innovation by an organization very little is known about its acceptance by individuals within it managing innovation adoption is about managing technological innovation implementation at work in an effective way by presenting a new theoretical framework based on the theory of reasoned action tra the technology acceptance model tam and other conceptual frameworks dr talukder s enhanced model combines factors from existing and original models to create a coherent new model the data collected proves that it can be used to assist a broader understanding of how people in an organization adopt and use innovations as well as contributing to academic knowledge the author s discoveries have practical implications for organizations

managers administrators and employees
